### See you there.....

You will have the chance to hear a Client's position and responses to the subject from supporting Contractors. ECITB will also bring you up to date with competency developments in their own and related industry sectors. The Health and Safety Executive will also table their thoughts on competency to attendees.

**All this and you can ask questions at the end.**

engineering your future

Working towards measured Competence

Humber Bank Contractor Competency Forum

[www.impresshumber.com](http://www.impresshumber.com)

**Confirm your registration(s) by completing the table below.**

**What is ConCom?**

- ⇒ A project operated by the Humber Bank Contractor Competency Forum, a Client Forum backed by the Humber Bank Engineering Client Managers.
- ⇒ Established in 2000 to encourage development of the contractor workforce by promoting excellence in operating systems using an audit tool specifically designed to drive improvements for those found to be behind the industry norm.
- ⇒ Many Chemical and Allied Industries' Clients and Contractors support our aims.
- ⇒ We invite more Clients to become involved in the project.

**Some 2009 facts about the scheme.**

- ⇒ 12 Clients currently use the audit scheme to measure systems performance.
- ⇒ 220 Contractors are nominated for an audit by the scheme.
- ⇒ Audits are biennial as a minimum frequency.
- ⇒ A nominal annual fee is required to cover the operational audit costs.
- ⇒ We take the audit to the Contractor's premises in the majority of cases.
- ⇒ A nominating Client auditor is present at every audit.
- ⇒ Impress continues to administer the project.
- ⇒ A rigorous audit schedule of all P1 & P2 contractors is almost completed.

**FAXBACK (01469 552829) or RETURN by POST (contact details in footer).**
